EDUCATION

Centennial College

Advanced Diploma in COMPUTER SYSTEMS TECHNOLOGY – NETWORKING

April 2024

GPA: 3.46 / 5.0

Gujarat Technological University

Bachelor's of Computer Engineering

June 2022

GPA: 7.89/10.0

SKILLS

Networking: Cisco Routers/Switches, DHCP, DNS, VPN, LAN/WAN, Wi-Fi, Network Cabling (CAT6)

Systems Administration: Windows Server, Linux (Ubuntu), Hyper-V, vSphere, Active Directory, MDM

Security & Monitoring: CCTV, Firewalls, Backup & Recovery, Incident Management Systems

Languages: Python, Java, C++, SQL, HTML/CSS

Tools and Platforms: MS Office Suite, System Monitoring, Ticketing Systems, Asterisk (VOIP), VS Code

Soft Skills: Communication, Problem-Solving, Analytical Thinking, Time Management, Teamwork

PROJECTS

Capstone Project | *New Leaf Hospital Network Upgrade*

March 2024

- Led the design and implementation of a secure, scalable hospital network using Cisco routers/switches.
- Configured Windows Server roles (DHCP/DNS/AD), integrated Ubuntu, and managed VOIP via Asterisk.
- Supported IoT device integration and ensured data flow, reliability, and access control across VLANs.

EXPERIENCE

Concentrix | *Technical Support Representative*

Jan 2025 – Present

- Resolved software, hardware, and network issues for diverse client systems.
- Used diagnostic tools to support remote troubleshooting and reduce downtime.
- Logged incidents, monitored resolution timelines, and escalated critical issues appropriately.

TestGrid Lab Inc. | *Jr. Software Developer*

Apr 2022 – Oct 2022

- Assisted in designing and developing features for client-facing applications.
- Participated in code reviews and contributed to quality assurance practices.
- Provided technical support to resolve customer-reported software issues.
- Collaborated with senior developers to address complex bugs and improve system performance.
